

Mangal Grah Mandir

Stock Management System — User Manual

A step-by-step guide to every module: stock, purchases, payments, expenses, donations, mahaprasad coupons, assets, reports and administration.

Amalner • Version 1.0 • For temple staff & trustees

Tip: open this file in any web browser. To make a PDF, press `Ctrl` + `P` → **Save as PDF**.

Getting Started

How to log in, find your way around, and understand what you can and cannot do.

1. Logging in

1. Open the application (desktop app, or the website link given to you).
2. Enter your **Email Address** and **Password**.
3. Click [Login](#).

The login screen. Your administrator creates your account and gives you the password.

Forgot or want to change your password?

After logging in, click your name in the top-right corner →

Change Password

. See the My Account section.

2. Finding your way around

Every screen has the same layout:

- **Left sidebar** — the main menu. Modules are grouped (Purchases, Stock Movement, Inventory, Payments, Expenses, Mahaprasad, Donations, Assets, Reports, Masters, Admin). Click a group to expand it.
- **Top bar** — notifications bell and your name/role menu (Profile, Change Password, Logout).
- **Main area** — the screen you are working on.

You may not see every menu item.

The system shows only the modules your **role**

allows. For example, kitchen staff see Mahaprasad and Stock Out, while trustees also see payment approvals. This is normal — see Roles & Permissions.

3. Things that work the same everywhere

- **Required fields** are marked with a red asterisk . You cannot save until they are filled.
- **Dates** default to today. Many forms allow back-dated entries; a few (like donations and mahaprasad) do not allow future dates.
- **Money** is always in Rupees (₹).
- **Export buttons** ( /  / ) appear on most lists and reports.
- **Approval workflow** — payments and expenses are first **submitted**, then a trustee **approves** them. Until approved they are "Pending".

Modules in this manual

- | | |
|-----------------------|--------------------------|
| 1. Dashboard | 8. Donations |
| 2. Purchases | 9. Assets |
| 3. Stock Movement | 10. Reports |
| 4. Inventory | 11. Masters (setup data) |
| 5. Supplier Payments | 12. Administration |
| 6. Expenses & Budgets | 13. My Account |
| 7. Mahaprasad | 14. Roles & Permissions |

Dashboard

Your home screen — a quick health check of the whole temple store.

Who uses it: Everyone. **What you can do:** view only (no data is entered here).

What you see

- Key numbers** — Products, Departments, Suppliers, Active Users, and stock warnings (Low Stock, Out of Stock, Reorder Soon, Expiring within 30 days).
- This Month's Finance** — Income, Expenses and Surplus/Deficit, with a [View P&L →](#) link.
- Asset Status** — items checked out, overdue, and due this week.
- Payment Status** — payments pending approval, outstanding and overdue amounts.
- Expiring Within 7 Days, Today's Activity, a 7-Day Stock Movement chart, Top Products, and Recent Transactions.**

Every card is a shortcut.

Click any number or card to jump straight to that module. The dashboard refreshes itself every few minutes.

Purchases

Record goods bought from suppliers. **This is how stock comes in.**

Who uses it: Store keeper / store manager. **Needs permission:** create transactions.

Important:

There is no separate "Stock In" screen. When you save a

Purchase Entry

, the system automatically adds the items to stock and creates the supplier invoice.

2.1 Recording a new purchase

← Purchase Register

Purchases > New Entry

New Purchase Entry

Record a purchase invoice with line items

Invoice Details

SUPPLIER *
Select supplier...

DEPARTMENT *
Select department...

INVOICE NUMBER
e.g. INV-2025-001

INVOICE DATE
19-06-2026

RECEIVED DATE *
19-06-2026

DUE DATE
dd-mm-yyyy

NOTES
Optional notes

Items Received

PRODUCT	QTY	RATE (₹)	TOTAL
Search by name or code...	0	0.00	—
Batch / lot reference (optional)		dd-mm-yyyy	

Expiry Date (optional - DD/MM/YYYY)

Grand Total ₹0

Purchases → New Purchase Entry

1. Go to **Purchases** → **New Purchase Entry**.
2. Select the **Supplier *** (the credit term fills the **Due Date** automatically).
3. Select the **Department *** that is receiving the goods.
4. Optionally enter the **Invoice Number** and **Invoice Date**; set the **Received Date *** (defaults to today).

- Under **Items Received**, for each item choose the **Product ***, enter **Qty ***, and optionally **Rate (₹)**, batch reference and **Expiry Date**.
- Click **Add Item** to add more rows. The **Grand Total** updates automatically.
- Click **Save Purchase Entry**.

Expiry & batches:

For perishable items, always fill the Expiry Date — it powers the "Expiring Stock" report and FIFO (first-in-first-out) issuing.

2.2 Purchase Register (viewing past purchases)

> PUR-2026-030	Amalner Dairy Farm	01 Jun 2026	3	₹6,225.00	₹0.00	₹6,225.00	Unpaid

Purchases → Purchase Register

- Use the tabs **All / Unpaid / Partial / Paid** and search by entry or invoice number.
- Click a row to expand and preview its line items, then **View full details** →.
- On the detail screen you can **Edit** (only if no payment has been approved yet) or **Void Entry** with a reason. Voiding reverses the stock that was added.

Stock Movement

Record stock going out, moving between departments, or being wasted.

Who uses it: Store keeper, kitchen staff. **Needs permission:** create transactions.

3.1 Stock Out (issuing stock)

The screenshot displays the 'Stock Out' form within the Mangal Grah Mandir Stock Management application. The interface includes a dark sidebar with navigation options like Dashboard, Purchases, Stock Movement, Inventory, Payments, Expenses, and Mahaprasad. The main content area shows the 'Stock Out' form with fields for Date, Purpose, Product, From Department, Quantity, Issued To, and Notes. The form is titled 'Stock Out' and 'Record outgoing stock'. The user is logged in as 'Super Admin'.

Inventory → Current Stock

- Shows live quantities grouped by department. Search a product, filter by department, or tick **Low stock only**.
- Status is **Out of Stock** (zero), **Low Stock** (at or below minimum), or **OK**.
- Use **Refresh** for the latest, or **Export Excel**.

4.2 Stock Ledger

1. Select a **Product *** and a **Department *** (both required), optionally a date range.
2. Click **View Ledger** to see every In, Out, Transfer and Wastage with a **running balance**, opening and closing rows.

Use this to settle disputes.

The ledger shows who did what and when, so you can trace any difference between the book and the shelf.

Supplier Payments

Pay suppliers against their invoices, and have trustees approve those payments.

Who uses it: Store manager (records) and trustees (approve). **Needs permission:** payments — write to record, approve + "Can Approve Payments" flag to approve.

5.1 Recording a payment

The screenshot shows the 'Record Payment' form in the Mangal Grah Mandir Stock Management application. The interface includes a sidebar with navigation options like Dashboard, Purchases, Stock Movement, Inventory, Payments, Expenses, and Mahaprasad. The main content area displays the 'Record Payment' form with the following fields:

- Payment Details:**
 - SUPPLIER ***: A dropdown menu with the placeholder text 'Select supplier...'.
 - PAYMENT DATE ***: A date input field showing '19-06-2026'.
 - PAYMENT MODE ***: A dropdown menu with 'Cash' selected.
 - NOTES**: A text area with the placeholder text 'Optional notes'.
- TOTAL PAYMENT AMOUNT (₹) ***: A text input field showing '0.00'.

At the bottom of the form, there are two buttons: 'Submit for Approval' (highlighted in orange) and 'Cancel'.

1. Optionally start **From Template** (a saved supplier + mode combination).
2. Choose the **Supplier *** and **Payment Date ***.
3. Pick the **Payment Mode *** (Cash, UPI, Online, NEFT, RTGS, Cheque). For non-cash modes, fill the **Cheque No. *** or **Reference / UTR No. ***.
4. Allocate the payment: click an unpaid invoice to add it, or choose **Advance / No Invoice**. For each line set how much you are **Paying Now (₹) ***.
5. Check the **Total Payment Amount** and click **Submit for Approval**.
6. You may then **Save Template** for next time, or **Skip**.

Duplicate guard:

If a very similar payment already exists, an amber warning lists the matches. Review carefully — only click

Submit Anyway if it is genuinely a separate payment.

5.2 Approving payments

	PAY-20260420-001	Shri Ganesh Kirana Store	20 Apr 2026	NEFT	₹56,415	Approved	

Payments → All Payments. The red badge shows how many are waiting for approval.

- Use the tabs **All / Pending / Approved / Rejected**.
- **Approve:** click the green tick → add an optional note → **Approve**.
- **Reject:** click the red cross → type a required **Reason** * → **Reject**.
- **Bulk approve:** tick several rows → **Approve N Selected**.
- **Void** an approved payment with a reason if it was made in error.

Only trustees can approve.

Approve / Reject / Void buttons appear only for users who have the "Can Approve Payments" flag turned on by the administrator.

5.3 Other payment screens

Screen	What it shows
Invoice Register	Every purchase invoice with its payment status (Unpaid / Partial / Paid). Expand a row for items and payment history.
Upcoming Dues	Invoices due soon or overdue. Pick "next 7/15/30/60 days" and click Pay Now → on any row.
Templates	Saved payment setups you can reuse with one click.

Expenses & Budgets

Record day-to-day expenses (salaries, electricity, repairs) and set monthly budgets.

Who uses it: Office staff (record), trustees (approve), admin (budgets). **Needs permission:** payments — write to record, approve to set budgets.

6.1 Recording an expense

The screenshot displays the 'New Expense' form within the Mangal Grah Mandir Stock Management application. The interface includes a dark sidebar with navigation options like Dashboard, Purchases, Stock Movement, Inventory, Payments, Expenses, and Mahaprasad. The main content area shows the 'New Expense' form with the following fields and options:

- Category ***: A dropdown menu with the placeholder 'Select category...'.
- Expense Date ***: A date input field showing '19-06-2026'.
- Description ***: A text input field with the placeholder 'e.g. Electricity bill for May 2025'.
- Amount (₹) ***: A text input field showing '0.00'.
- Payee**: A text input field with the placeholder 'e.g. MSEDCL, Pandit Ramesh...'.
- Payment Mode ***: A dropdown menu with the placeholder 'Select mode...'.
- Notes**: A text area with the placeholder 'Optional notes'.
- Receipt / Bill**: A section with an 'Attach Receipt' button and a note 'Optional - JPG, PNG or PDF - Max 5 MB'.
- Buttons**: 'Submit for Approval' (orange) and 'Cancel' (white) buttons at the bottom.

The breadcrumb at the bottom of the page reads 'Expenses → New Expense'.

1. Choose the **Category** and **Expense Date**.
2. If the category is **Salary**, pick the **Staff Member** — the payee, amount and description fill in automatically.
3. Enter the **Description**, **Amount (₹)**, **Payee**, and **Payment Mode**. For Cheque add the **Cheque Number**; for UPI add the **UTR / Reference**.
4. Optionally **Attach Receipt** (photo or PDF, up to 5 MB).
5. Click **Submit for Approval**.

☐ Auto-print

Free Day
No price set for today — all coupons are free
[Issue as Paid anyway](#)

☒ Cash Drawer [Set opening float](#) ₹0

[Issue 1 Coupon](#) Enter

Mahaprasad → Issue Coupons

1. At the start of the day, click [Set Opening Float](#) and enter the cash in the drawer (so change is calculated correctly).
2. Set the number of **Persons** using the − / + buttons or the preset numbers.
3. Choose **Paid** or **Free Seva** (for free, you may pick an **Occasion**).
4. For Paid: choose **Cash** or **UPI**. For cash, tap what the customer pays with — the **change** is shown automatically.
5. Click [Issue Coupon](#) (or just press [Enter](#)). The coupon prints if a printer is set up.

Speed tips:

Press **Enter** to issue, and use the number keys for quick amounts. **Reprint Last** re-prints the previous coupon. **My Shift** shows your running total and a slip you can

Copy for WhatsApp

Rules:

You cannot issue for a past date. When the day reaches the

daily cap

, issuing stops. If no price is set for the day, coupons are issued as Free. The counter keeps working even if the internet drops — coupons are stored and synced when you are back online.

7.2 Redeeming coupons

1. Choose **Scan QR** (redeems automatically when scanned) or **Manual Entry**.
2. For manual, type the **Coupon Number** (e.g. **MP-20260611-001**) and click **Look Up** .
3. Check the details, then click **Mark as Redeemed** . The screen resets for the next person.

Already Redeemed

Donations

Record cash and in-kind donations, print receipts, and issue 80G receipts.

Who uses it: Office / donation desk. **Needs permission:** donations — write.

8.1 Recording a donation

The screenshot displays the 'Record Donation' form in the Mangal Grah Mandir Stock Management application. The sidebar on the left contains navigation links for various modules. The main content area is titled 'Record Donation' and includes a breadcrumb trail: 'Donations > History > New'. Below the title, it specifies 'Cash (nakad) and kind (vastu) donations'. The form is divided into several sections: 'Donation Type' with three options (Named Donor, Hundi, Anonymous), 'Details' with fields for Date, Occasion/Purpose, Donor, Donor Name, Phone, and PAN Number, and a 'Cash Donation (Nakad Daan)' section with fields for Amount and Payment Mode. The interface is clean and modern, with a dark sidebar and a light main area.

1. Choose the **Donation Type**: **Named Donor**, **Hundi** (collection box), or **Anonymous**.
2. Set the **Date *** (cannot be in the future) and optional **Occasion / Purpose**.
3. For a **Named Donor**, select an existing donor or type the name and phone. If the phone matches a past donor, click **Use Details**. Add a **PAN Number** to enable the **80G Eligible** toggle.
4. For a **cash** donation, enter the **Amount (₹)**, **Payment Mode** and reference.
5. For a **kind** donation, click **Add Item** and enter the item, quantity, estimated value and destination department.
6. Click **Record Donation**, then **Print Receipt** if needed.

You must enter either a cash amount

or

at least one kind item. Kind donations can flow straight into stock (default: Main Store).

DON-20260530-001	30 May 2026	Anonymous	Shri Vitthal Devotee	General Donation	₹1,100	—	₹0	Void
DON-20260528-001	28 May	Named	Ramesh Shantilal Shah	General	₹7,500	—	₹0	Void

Donations → History

- Filter by donor/receipt number, date, and type (Named / Hundi / Anonymous).
- Click a row for the full detail, where you can **Print**, download a **Receipt PDF**, or — for eligible named donations — an **80G Receipt**.
- Use **Void** with a reason to cancel a wrong entry; **Export** to Excel or PDF.

Assets

Track temple items (utensils, mandap, furniture) and manage who has borrowed them.

Who uses it: Store keeper, asset in-charge. **Needs permission:** assets — write to manage assets, manage to handle returns/reminders.

- Shows every asset with code, category, total quantity, fine-per-day and whether it is borrowable.
- Use **Add Asset** to create one: enter the **Asset Name**, **Category**, **Total Quantity**, **Fine Per Day (₹)**, and tick **Available for Borrowing**.

9.2 Lending an asset (Borrow Request)

The screenshot shows the 'New Borrow Request' form in the Mangal Grah Mandir Stock Management application. The interface includes a dark sidebar with navigation options like Dashboard, Purchases, Stock Movement, Inventory, Payments, and Expenses. The main content area is titled 'New Borrow Request' and contains the following fields:

- Borrower Type:** Two buttons, 'Staff Member' (selected) and 'External Person'.
- Staff Member:** A dropdown menu labeled '— Select staff member —'.
- Expected Return Date:** A date input field with a calendar icon, showing 'dd-mm-yyyy'. Below it, a note says 'Max 7 days from today'.
- Approved By (Trustee):** A dropdown menu labeled '— Select trustee —'. Below it, a note says 'Phone approval already received'.
- Notes:** A text area with a placeholder 'Optional — event name, purpose, etc.'.
- Items to Borrow:** A section with a green header 'Items to Borrow' and a count '1 item'. It includes a '+ Add Item' button.
- Item 1:** A section with two fields: 'ASSET' (dropdown labeled '— Select asset —') and 'QTY' (input field with a '#' symbol and the value '1').

At the bottom of the form, there are two buttons: 'Create Borrow Request (1 item)' (orange) and 'Cancel' (white).

Assets → Borrow Requests → New

1. Choose the **Borrower Type**: a **Staff Member** or an **External Person** (for external, capture name, phone and ID proof).
2. Set the **Expected Return Date** (limited to the maximum borrow days set in Settings).
3. Choose the **Approved By (Trustee)**.
4. Add one or more assets with quantities (availability is shown live), then click **Create Borrow Request**.

Return

Assets → Upcoming Returns, grouped by urgency.

- **Upcoming Returns** groups borrows into Overdue, Due Today, Due in 3 Days and Upcoming. Click [Return](#) on a card, or [Remind All Overdue](#) to message everyone late.
- On return, set the **Actual Return Date** and **Condition** (Good / Fair / Damaged). If late, a **fine** is calculated automatically — you can **Apply** or **Waive** it with a reason.
- **Reports** show utilization and fine collection, exportable to Excel/PDF.

Reports

Ready-made reports for daily operations, stock health, suppliers and finance. Most can be exported to PDF/Excel and several can be shared on WhatsApp.

Who uses it: Managers and trustees. **What you can do:** view, export, share.

Report	What it tells you
Daily Movement	All stock in/out/transfer/wastage for a chosen day, with totals.
Low Stock Alerts	Items below minimum, grouped Out of Stock / Low / Reorder Soon. Share alerts on WhatsApp.
Expiring Stock	Batches already expired or expiring within 7–90 days.
Stock Valuation	Value of current stock at last purchase rate, with a grand total.
Supplier Report	Purchases grouped by supplier for a date range.
Supplier Aging	Outstanding supplier dues bucketed by how overdue they are.
Festival Cost	Stock consumed plus payments made over a festival period.
Consumption Trend	How much of a product is used each month, with an up/down trend.
Reorder Suggestions	Suggested order quantities based on average consumption vs current stock.
Monthly P&L	Income vs approved expenses for a month, net surplus/deficit, and budget-vs-actual.

Create Product **Cancel**

Masters → Products → New

1. Enter the **Product Name**, optional **Aliases (Hindi/Marathi names)**, and choose a **Category** and **Unit** (all three are required).
2. Optionally set **Min Stock Level**, **Reorder Point** and **Standard Rate (₹)**, and tick properties like **Puja / Ritual Item** or **Perishable Item**.
3. Click **Create Product**.

Set Min Stock Level

for important items — this is what drives the Low Stock alerts and the red warnings on the Stock Out screen.

11.2 The other master lists

List	What to fill
Suppliers	Name (required), type (Vendor/Donor/Both), contact, GSTIN/PAN, credit days, and one or more bank accounts for payments.
Departments	Name, a short Code (uppercase, up to 5 letters) and a type (Store, Kitchen, Puja, etc.).
Categories	Name and a short code; optionally a parent category to make a hierarchy.
Units	Name and symbol (e.g. Kilogram / kg) and a type (Weight, Volume, Count, Other).
Occasions	Preset occasion names used in Donations and Mahaprasad.

DEPARTMENT ACCESS

☐ Main Store (MS)
☐ Kitchen (KT)

☐ Puja Samagri Room (PS)
☐ Flower Room (FR)

☐ Distribution (DC)

Leave all unchecked to allow access to all departments

Admin → Users → New

- 1. Fill the **Full Name**, **Email Address**, optional **Mobile Number**, and a **Password** (at least 6 characters; only needed when creating).
- 2. Assign a **Role**. For non-admin roles, tick the **Department Access** the user is allowed to work in.
- 3. Optionally set **Monthly Salary**, and turn on **Can Approve Asset Requests** and/or **Can Approve Payments** for trustees.
- 4. Click [Create User](#).

"Can Approve Payments"
is the trustee power. Only turn it on for people authorised to approve money going out.

12.2 Roles, Audit Log & Settings

Screen	Use
Roles	Create roles and tick exactly which permissions each role has (Users, Masters, Transactions, Reports, Assets, Donations, Payments, Mahaprasad).
Audit Log	A complete, read-only record of who did what and when. Filter by user, date, entity and action; click a row to see the before/after change.
Settings	Temple details, WhatsApp & SMS alerts, stock alert rules, 80G registration, asset borrow limits, and Mahaprasad pricing (price per plate by day, daily cap, coupon validity, printer).

Roles & Permissions

The system controls what each person can see and do through their **role**. If a menu or button is missing, it is because your role does not include that permission — ask the administrator.

How it works

- Each user has **one role** (e.g. Store Manager, Kitchen Staff, Trustee, Viewer).
- A role is a set of **permissions** grouped by area: Masters, Transactions, Reports, Assets, Donations, Payments, Mahaprasad, Users.
- Each area can allow **read** (view), **write/create** (add & edit), **delete**, **approve**, or **manage**.
- Two special powers are set **per user**, not per role: Can Approve Payments Can Approve Asset Requests
- Non-admin users can also be limited to certain **departments**.

Typical roles (as set up at your temple)

Role	Typically can...
Super Admin / Admin	Everything, including users, roles and settings.
Store Manager	Purchases, stock, inventory, masters, record payments — and approve payments if the flag is on.
Trustee	View and approve payments/expenses; oversight and reports.
Kitchen Staff	Mahaprasad counter and redeem, stock out for kitchen.
Puja Staff	Stock out for puja, view inventory.
Viewer	Read-only access to dashboards and reports.
